

Rotana Hotels in the Middle East Upgrade to the OPERA Enterprise Solution

COLUMBIA, Md., Sept. 22 /PRNewswire-FirstCall/ -- MICROS Systems, Inc. (Nasdaq: MCRS), a leading provider of information technology solutions for the hospitality industry, and Rotana Hotels, a leading hotel operator in the Middle East, announced an agreement to install MICROS's OPERA Enterprise Solution (OES) in all 40 Rotana locations, consisting of 7891 rooms, by the end of 2008. The deployment will include OPERA Property Management System (PMS), OPERA Sales & Catering, OPERA Web Services, and the MICROS 3700 and 8700 Hospitality Management System.

Key Information Technologies, the MICROS distributor in the United Arab Emirates, has maintained a strong relationship with Rotana Hotels since 1993. "All Rotana Hotels in the Middle East are currently installed with MICROS V6 PMS and MICROS 8700 POS," stated Masood Al Janahi, Managing Director of Key Information Technology. "Two Rotana Hotel properties, Al Murooj Rotana Hotel and Suites and Villa Rotana Suites, both located in Dubai, were the first to deploy OPERA."

The Rotana group operates hotels and resorts throughout the Middle East, providing traditional Arabian hospitality combined with modern-day luxury. "We view the OPERA Enterprise Solution as a cornerstone technology necessary to support our aggressive growth strategy which includes the addition of 19 hotel properties to our portfolio, for a total of 40 properties by the end of 2008," stated Nael Hashweh, Executive Vice President of Finance and Development for Rotana Hotels. By 2010 Rotana expects to have over 50 hotels in operation.

"We are pleased that Rotana has chosen to continue its partnership with MICROS-Fidelio," stated Kaweh Niroomand, President MICROS-Fidelio EAME. "OPERA's scalability will support Rotana's growth strategy well into the future, and provide Rotana with the most sophisticated technology platform in the industry."
